Proposal requesting that the Board of Supervisors adapt the following recommendations from SWEAC executive summary as policy regarding South County water issues.

- 1) *Develop plans for a complete aquifer management study and development of a unified model covering the full extent of Santa Maria groundwater basin.*
- 2) *Pursue additional regional partnerships.*
- 3) *Provide better public education and outreach.*

- 4) *Consider solutions that may provide less supplemental water individually, but together can help meet the Nipomo Mesa region's needs.*
- 5) *Encourage individual well owners, and agricultural and industrial water users – the non-stipulated parties within the NMMA – to be part of any solution.*
- 6) *Incorporate water conservation in any project or program.*
- 7) *Pursue opportunities to minimize the impact of water rate adjustments on all users, and particularly on low-income customers.*
