OLD BUSINESS

1. Viva Farms Closure – Discussions continuing at Land Use, but no recommendations at this time.
2. Native Tree Ordinance – County Planner Megan Martin presented an outline of the county's proposed ordinance at the October SCAC meeting:
 - On July 15th the Board of Supervisors adopted a Native Tree Interim Zoning/Urgency Ordinance. The ordinance prohibits the clear-cutting of Oak Woodlands and the removal of Native Trees on properties within the inland portion of the unincorporated areas of the County. The Ordinance is effective through April 16, 2017 and will be eligible for one (1 year) extension. The Board directed department staff to prepare a permanent Oak Woodland Protection Ordinance prior to expiration of the urgency ordinance. The permanent ordinance will focus on prohibiting the clear-cutting of healthy trees, tree removal within different zoning designations, size (or amount) of removal, removal on steep slopes, and land management plans.
 - SCAC discussed the impact of the ordinance, including the viability of addressing rules for Eucalyptus tree removal.
 - SCAC requested that the item to be carried over to November's meeting in order to discuss it further, and vote on recommendations to the county regarding the tree ordinance.

NEW BUSINESS

1. DRC2016-EDWARDS-Proposed minor use permit to allow modification of the building envelope for new single family residence. Project location is 1262 North Dana Foothill Road in Nipomo. APN:090-012-007.

Applicants plans new 4536 sq.ft. main house with attached 1568 sq.ft. garage and 1200 sq.ft. unfinished basement in addition to a new 1200 sq.ft. secondary dwelling and new 2425 sq.ft. barn/ shop. Hans and El-Jay Hansson and Istar Holliday toured neighborhood, and in light of water issues in neighboring developments, requested a water assessment by the water purveyor, Rancho Nipomo Homeowners Association. Applicants brought a detailed water supply assessment, and introduced their Landscape Architect who testified to their plan to use drought tolerant plants and drip watering systems wherever possible except where CCR's dictated otherwise. There were many questions on water issues due to the geological location and size of the project.

Istar Holliday made a motion to place this project before the full council on the regular agenda of the November 28th SCAC meeting. Jeanne Taylor seconded the motion. Rudy Stowell and Richard Malvarose recused themselves as having business connections with the applicant. All others present approved the motion that this application be placed on the regular SCAC agenda.
