CABALLERO CA STORAGE / ORIGIS ENGERY PROJECT – DRC2019-00258 – A proposed Conditional Use Permit for construction of container units for storage of 100mw lithium-ion battery banks connected to the PG&E Mesa substation which is located on an adjacent parcel. The project is located on 6 acres of a 20-acre parcel at 650 Joshua Street in Nipomo. It is near the curve that transitions from Joshua Street to Hutton Road. After some discussion regarding safety issues, this project was tabled pending the receipt of the CEQA document.
