PROJECT NUMBER AND NAME: Munoz MUP [C-DRC2025-00014](#)

DESCRIPTION: Applicant is submitting to install a new manufactured home on a permanent foundation on property as a primary residence. Property is located in Coastal zone. Per planning department, property requires a minor use permit. Adjacent properties are heavily developed with industrial type uses, auto junk yards, RV Storage, Self Storage, illegal chicken farms, residential homes, and active farming. It is assumed that this development plan will have little impact beyond the existing surrounding uses. As such, applicant would also like to process building plans concurrently with Land use application. This has been discussed with planning department staff and tentatively appeared to be a suitable project for doing so.
