

Traffic and Circulation Committee Agenda

14 January 2005

Time: 9:00 AM - 10:45 AM

Place: Nipomo Community Services District (NCSD) Building 148
South Wilson Street

1. Need update on the progress in having Caltrans co-ordinate all the Traffic Signals from Mary to Oakglen
2. How are the plans for the Willow road extension coming along?
 1. I see development at the NW section of the intersection of Willow and Pomeroy right where the Willow Road extension is planned to swing out to miss the house the County Planning Department allowed to be built on the existing Willow Road alignment. Is the County Planning Department allowing another obstruction to the Willow Road extension to run up its costs? What is going on at that intersection?
 2. What is progress of the County Traffic Consultant were we not to get a quarterly update?
3. Marianne Avenue agreement. Has any progress been made (snore....) on any agreement (zzzzzzzz)
4. Several months ago I believe the County voted yes on a proposal to enforce opening up roadside rights-of way to allow pedestrian and equestrian traffic. What are the details on this issue? How is it working? How is it enforced?
5. When will we get road signs for Stanton? We need a sign showing there is Grant Ave and some with suggested MPH going up and around the blind curves.
6. Dave Watson - what's new with your project?
7. Are we recording traffic delay times? If so, what is the estimate of delay times when the Newman project, King Venture, Nipomo Hills, Moore project et al go in?
8. other?
