Public Comment

Old Business

- a) Request for rehab of Halcyon Road between SR-1 and Appaloosa Way – Dan Woodson
- b) Update on South County Traffic Model – Public Works
- c) Update on Swap Meet Mary/Juniper changes – Public Works

New Business

- a) Speed bumps on Sequoia Lane/Humboldt Drive between Golden Leaf Lane and Cascade Lane – Public Works
- b) There is a need for parking control on Ten Oaks – the road width is minimal with a very bad sight distance problem. With cars parked on the side of the road northbound and southbound drivers are forced to the center of the road. With the limited sight distance numerous near misses have occurred.
- c) Has Public Works reviewed the plans for the proposed elder care center on Juniper in light of the swap meet traffic? What about transit needs?
- d) Request that Public Works remove several A-frame sign boards located on concrete walkway in front of the south side of 671 W. Tefft.
- e) A resident requests that a rehabilitation effort be made for Dana Street east of Thompson
