

Agenda
Traffic and Circulation Committee Meeting
Thursday, November 10th, 2011, at the NCS D Board Room 148 South
Wilson
9:00 to 11:00 am

Present: Peggy Cox, Dan Gaddis, Jim Tefft

Public Works: Ryan Chapman

CalTrans: Dennis Reeves

Public: Shirley Horacek, NAC; Barbara Westfall, NAC; Mike Eisner, NICE

Public Comment:

Old Business

1) Status of Willow Road, Phase II project.

Lane switching should be finished by this weekend as the northbound bridge is now drivable. Dan Woodson will organize a site visit for T&CC members.

2) Nonfunctional street lights at Pomeroy and park entrance.

Ryan Chapman will check on this.

3) The traffic situation at Tefft and Mary has become very upsetting to the community. What can be done?

Ryan Chapman will inquire about getting traffic enforcement. It was suggested that a median barrier at the service station exit onto Mary Street be considered to stop the unauthorized left turns onto Mary

New Business

1) Proposal for community gateway signage.

Dennis Reeves, Landscape Architect for CalTrans, presented guidelines for community gateway signage. These requirements can be found at:

<http://www.dot.ca.gov/hq/LandArch/gateway/index.htm>

County Planning and Public Works should also be involved in the permitting process.

Next Meeting December 8th, 2011 ?
