- b) Status of the removal of the two sets of hazardous barriers in the right-of-way on Glen Haven Place. – Done
- c) Disturbed paving in bicycle lane on Mesa near nursery.

Some roughness was noted by Public Works. This was in existence prior to the microsurfacing. Nothing will be done for now.

New Business

- a) There is some confusion over who has the graffiti removal responsible for the Willow Interchange. Supposedly, different structural aspects of the interchange are under the jurisdiction of different agencies. I refer to the paved slopes, the retaining walls and the concrete guard rail.

Public Works indicated that those areas outside of the on and off ramps are County responsibility. Those areas within the on and off ramps are CalTrans responsibility. To contact Sheriff's Department graffiti removal call 788-6067. Public Works will determine a direct CalTrans number.

- b) Traffic Regulation Code Updates. Proposed yield signs at Burton @ Bennett and Mallagh @ Bennett.

Public Works indicated that a *No Parking Signs* will be placed in front of the Chevron station on Tefft and on Vista Del Rio. These are expected to be done in April or May

- c) Sight distance at Pomeroy and Olympic.

Owner cleared the vegetation.
