

Minutes
Traffic and Circulation Committee Meeting
Thursday, August 8th, 2019, at the NCSD Board Room at 148 South Wilson

10:00 am to Noon

Present: Bob McGill, Ed Eby, Art Herbon, Gary Spellbring, Dan Woodson

Public Works: Mike Britton

Highway Patrol: Lieutenant Kevin Kurker and Sargeant

Public: Bruce Lackey

Public comments: None

Old Business:

1. Parking problem on the Black Lack Canyon Drive approaching Via Concha, latest developments.

Public Works will place parking limit lines. These lines would disallow any vehicles wider than a car.

New Business

1. Concerns about the use of golf carts on public roads.

There are concerns from both Monarch Dunes and Black Lake. Mike Britton will determine if this was part of the Black Lake Specific Plan. Hopefully, Mike will determine the requirements for creating the means to allow legally outfitted golf carts on public roads in the vicinity of golf courses and whether Public Works would choose to pursue such a project.

2. Truck size limits on SR 1

The California Highway Patrol maintains that these regulations are advisories.

3. South County Circulation Study RIF Update.

It was decided that the Traffic Committee would review the plan and vote whether to recommend the plan to SCAC. After a week of review time the Committee voted unanimously to not recommend approval if the plan continued to allow the South Oakglen Secondary Access proposal to be funded by Road Impact Fees. The Committee has been opposed to this project for more than fifteen years. There are other projects that have higher RIF priority.

4. All Way Stop Control – Los Berros Road at SB Hwy 101 Off/On Ramps.

Information received

5. Now that Jack Ready Park is a reality is there any plan to pave Illinois Road.

There is no funding for this request.

Next Meeting September 12, 2019
